COLOR KEY

R Red
66 beads

P Pink
25 beads

Read rows from top to bottom; columns from left to right.

Right-hand # values are bead totals for each row, excluding blank cells.

Match letters to the color key. White beads are marked W, not left blank.

PRINT: US Letter or A4, one page per sheet. Fit to page is fine for counting.

This is an enlarged counting chart, NOT a life-size pegboard template.

Use a square pegboard with enough rows and columns for the chosen motif.

Select beads and a pegboard from a compatible size system.

Color names are chart labels, not verified product codes; screen colors vary.

Digital counts and edge connections checked. Not physically fused or print-tested.

Adult fusing: follow the instructions supplied with your beads.
